Points of Discussion

What is the school's Vision and Values?

How do they help us in school?

The children were able to describe the Vision as Growing, Flourishing and Valuing. The children were also able to describe the fact that the vision is rooted in the Biblical story of the feeding of the five thousand. The children were also able to explain that this story was selected due to the geographical location of the school being close to farms and the River Teme.

What has gone well this year?

5 / 6 - lessons are going well. Maths is going very well, the lenses are good in English and we like the Rosa Parks story. The SPAG in the new English scheme is very good and our handwriting is improving.

We would like more balance in being able to create our own sentences in English as well as using the examples from the board.

3 / 4 – English is good and we are able to use the lenses and copy from the board. It would be good to be able to have more ability to write independent sentences in English too. The Maths is going very well and the 'Do it, Twist it, Deepen it' structure is very good. Egypt is a fun topic.

1 / 2 – The class like Maths and English lessons. The lenses are helpful in Year 1 and 2. We like doing the seasons in Science and the history of the school in History.

What are your targets for the academic year?

- Can we have more lessons outside when the weather is okay?
- Can we have more sporting books in the library based on basketball, football, F1, athletics etc?
- Can we have an American Football experience day?
