

School Council Agenda 23rd Oct 2024

School Council: Rico V, Eliza U, Lionel CB, Arthur B, Scarlett P, Tabitha L, Joseph M

Present at the meeting: James Dennis (Head teacher), Kate Leach (Governor)

Absent: Alfie W

Game: what is your favourite biscuit?

Children love Orea, custard creams and chocolate digestives

Points of Discussion

Targets for the School Year – what do we want to do this year?

What has gone well this year?

5 / 6 - The children in Year 5 and 6 have indicated that the year is going well. They have commented that a couple of children have had fallings out but the teachers know all about it and are helping them. They really like their teachers even though Mrs Waller has broken her glasses. Mrs Langbridge is very nice and helpful.

The history topic is very good and interesting. They found the lesson on the leaders in World War 2 fascinating.

3 / 4 – Year 3 and 34 is going very well. Maths and Literacy are very good. The teachers are very nice, Mrs Champken is very nice and so too is Miss Stevenson. The behaviour in the class is very good.

The topic is all about Stone Age Britain and the children enjoyed the archeology element of the topic. They knew this was about finding out about the past from old objects.

1/ 2 – Mrs Benton is very nice. So too are Mrs Parry and Mrs Dolman. The behaviour in the class is good but one or two children do need to be spoken to by the teachers sometimes. The topic in the class is Flight and Transport. The children have loved exploring about Neil Armstrong and finding out why he is famous!

Rec - Reception are very happy and enjoying school. They like Miss Turner and Mis Stevenson!

How have the changes in maths and Literacy gone?

- The structure in lessons makes sense. The work starts easy with the Do It's and then gets harder with the Twist It's and Deepen It's. Sometimes the Deepen It's can be too many in number.
- The children are all very positive about the change sin English. Thye like the planning process and that the planning process provides the words and work for the main piece of writing at the end of the unit. They have more info and they like changing the 'copy yellow to the change green'. The stickers and lenses are very popular.
