

What is this book about?

Emily, (an ordinary girl in an ordinary world) has a sister called Holly. Holly sits in a wheel chair everyday not able to say what she is thinking, she can't get her words out. Sadly, she died at the age of 15 years old and Emily was distraught she loved her sister with all

her heart. She remembers all the good times she had with Holly and Bluey (Holly's favourite teddy) and writes them down in her special note book so she doesn't forget the magical worlds that she created for Holly.

One day her Mum and Dad were out at work and Emily had no one to look after her so her next door neighbour Ruth offered to care for her. Is this where the adventures being? Read this book to find out what happens next and who or what comes alive...

My favourite character is Bluey, Holly's favourite, old teddy bear, he always finds the best in people and always makes them laugh or smile. If anyone needs someone to talk to go and see Bluey.

I would recommend this book to people who really enjoy adventures and who get lost in a story.
