

The Witches

by Roald Dahl

What is the book about?

The witches are making a mysterious plan up but can a boy stop them?

Do you know who any of the characters are? If not I will tell you; Boy, who is the hero; Grandmother, who looks after the boy; The Grand High Witch, who is head of all witches; Mr and Mrs Jenkins; Mr Stringer, who is one of the staff at hotel and Bruno Jenkins, who eats every single time when you see him and also is son of Mr and Mrs Jenkins.

The witches are very cheeky and they have a plan for every little child in England. Would you be caught for the first test of their mysterious big plan?

My favourite character

My favourite character is the Grandmother because she is a good character and is very caring for other people and she would help people even though she is very old! That is why I like the Grandmother!

I would recommend this book for the people that like witchcraft and scary scenes. And for the people that like interesting characters!

Recommended ages 8-11.
