Issie And the Christmas Pony

Fiction, Ages 8-12

Issie and the Christmas Pony is a very fun and exciting book for children aged 8-12 years, the main characters are Apache, Issie, Stella, Kate, Toby and Coco. Issie wants to go to camp but she can't because she does not have a horse so they search and search for a horse. Apache is a very nervous horse and doesn't like being surrounded. Issie is a very brave person because she tried to mount a crazy horse. What will happen next...?

My Favourite character

My Favourite character is Issie because she is always very brave and helpful. She risks her life for her friends and everyone close to her.

I recommend this book for over 8 year olds and people who love horses.
