

Beast Quest

Vermok the Spiteful Scavenger

by Adam Blade

What is the book about?

The book is about a young boy named Tom and his companions Elenna, Storm who is Tom's noble and trustworthy stallion and Silver Elenna's wolf and only true friend.

They then embark on an epic journey to other realms, to slay or free beasts from curses and bring peace to the land of Avantia. This one is Tom's toughest challenge yet, he has to venture through other places following the warrior's road. Some people just send distractions to keep them on their toes. Will he be able to survive? Who knows... If you follow him any wrong paths will lead to certain death so watch your step...

My Favourite Character is Vermok the Spiteful Scavenger. This beast has two tails that lash out like a whip, coiling around its victims, so it can have its meals in peace.

Its primary and secondary weapons are agility and being deliquescent. I really think everyone should read it.

Also I **rate this book** 500000 stars because it really beckons people to read it and has very good vocabulary.
