

When my parents split up, they didn't know what to do with me...

The main girl, Andrea, is worried when her parents split. All she does is go from her mum's place to her dad's. Her stepsister Katie is horrible to Andrea and it gets no better. When she loses her toy rabbit, Andrea gives up on life and wanders off into the night. Will she ever come back?

I recommend this book to any lovers ages 7+. The suitcase kid is my favourite book as it is funny.
