

ECO Assembly Autumn Term 2024

How can we help our environment? What
can we do!

ECO Assembly Autumn Term 2024

Challenge 1: Recycling in School

- Paper into the recycling bin and nothing else!
- Plastic goes in the recycling bin in the library!

Wish

- Have a plastic bin in every class. Asking the Governors.

So What?

- Paper and plastic in the right bin to increase recycling and reduce Global Warming!

Challenge 2: Lights of around the school

- If you leave a room the teacher needs to turn off the lights.
- If you leave the room the teacher needs to turn off the Smartboard.

Why?

- To save electricity that will reduce Global Warming.

So What?

- Turn off the lights and Smartboard!
- ECO Ambassadors are going to monitor and tell teachers off if not done!

ECO Assembly Autumn Term 2024

Challenge 3: Litter on the playground

- Too much paper and wrappers are being left out and not going in the bin!

Why?

- Keep the environment safe for the local wildlife.

So What?

- Regular litter picks by ECO Ambassadors
- ECO Ambassadors are going to monitor!
- Litter picking club in school and village!
